

Why don't you just invest in cash?

When shares or property markets are down, cash can look like a better way to save. The problem with cash is it generally only provides you with protection against inflation, as the table below shows. However even cash can have inflation risk from time to time.

Value \$1,000 invested Cash vs CPI

Cash does not provide the capital growth needed to grow your savings.

We can help!

If you have any questions about market volatility, your super or want to make an appointment to see a financial planner phone our Member Services team on 9911 3222 (regional callers 1300 300 820).
